

Rhodes 1st Snow Snippet

13 May 2017: The first snowfall of the year at Tenahead and Tiffindell, to give you a taste of what's to come. Nothing has settled in the village yet, but there's enough snow to cause our temperatures to plummet. It seems we're in for a magical winter. Call or email me now to book your winter adventure to avoid disappointment. Margie: 045 971 9003 / contact@rhodesinfo.co.za

From Snow Report SA: Please remember to respect private properties and farmlands when visiting snow areas. The farmers have a very hard time dealing with the snow as it is, without having complications from people visiting the snow areas. Do not damage farmers fences. Do not litter. Do not open gates. There are many public areas that are easily accessible, and we urge you to make use of these areas. We all want to enjoy the snow and have fun. We don't believe that it is necessary to trespass on private land in order to do this. Also, BE SAFE! Do not go into places where your vehicle is not equipped to go. Snow is a lot of fun, but can also be very dangerous! Please take the necessary precautions and enjoy the snow in a responsible manner.

The Rhodes Tourist and Info Centre wishes all our Mums a happy Mother's Day tomorrow. May you be surrounded by the love and appreciation you so deserve.

Take care all and stay warm, Margie
